

Compact 1989 new products

Here under, briefly, the most significant innovations.
In order to obtain all relevant technical informations, **look into your 89 low voltage catalogue.**

Compact C101N/H/L

The new Compact C101N/H/L circuit-breaker offers reduced dimensions in a 100 ampere size frame.
Thanks to its exceptional connection by bars, crimped lugs and cables without additional accessories.

See pages 17 and 60 to 63.

Compact C401N/H/L

The new Compact C401N/H/L circuit-breaker replaces the actual C400N/H/L equipped with the standard trip units.
The C401N/H/L offers new motor protection trip units with adjustable magnetic and new direct current trip units.

See pages 17 and 74 to 79.

Interpact IN switches

A range from 63 to 2500 A with high performances :

- high making capacity,
- long mechanical life,
- positive break indication,
- 3 pole width for the ratings 1000 up to 2500 A.

See pages 100 to 103.

Panelpact

Panelpact is a new mccb's distribution board which can be erected at any public place.

See page 110.

Visucompact C800N ST to C1250N ST

Fully visible break up to mccb's 1250 A. The visual proof of isolation between supply and load circuits can be achieved by :

- fixed Visucompact C161N to C1250N ST,
- drawout Visucompact C800N ST to C1250N ST.

See page 12.

New performances for mccb's C161N/H/L

- the C161N/H/L is now available for the ratings 100 and 125 A.

See pages 64 to 66.

Compact system

Compact circuit-breakers with thermal-magnetic trip units

circuit protection and control

D type

protection with low magnetic threshold

G type

selectivity for protection against short-circuit

SA, SB type

protection of motor starters

MA type

Compact circuit-breakers with control units (solid state trip units)

circuit protection and control

ST204S, ST205D, ST305G

selectivity for protection against short-circuits

ST204S, ST305S, ST305SL, ST204SB, ST305SB

models and add-ons

residual current protection

with
Vigi module :
Vigicompact⁽¹⁾

fully visible break

with Visu module:
Visucompact

auxiliaries and accessories

electrical auxiliaries

remote control

accessories

connection
